*The Oklahoma Health Care Authority (OHCA) as the single state Medicaid agency is providing public notice of its intent to submit to the Centers of Medicare and Medicaid Services (CMS) a written request to amend the SoonerCare Choice and Insure Oklahoma I I I 5 Demonstration waiver and to hold public hearings to receive comments on the extension renewal request to the Demonstration.*

The State will request an amendment to the SoonerCare Choice and Insure Oklahoma I I I 5 Demonstration waiver to remove the pilot status of the Health Access Networks (HAN) to allow the possibility of statewideness. Statewideness in accordance with Section 1902(a)(1) will also be removed from the waiver list.

The State does not request any additional waivers to implement the changes to the Demonstration:

The State will seek to eliminate the following waiver and expenditure authorities related to its Health Access Network statewideness:

- **Statewideness/Uniformity Section § 1902(a)(1)**  
To enable the state to provide Health Access Networks (HANs) only in certain geographical areas of the State.

In addition, the second, of two public meetings described below, will also serve as the 2017 Post Award Forum to allow any discussion or feedback regarding the waiver.

### ***Waiver List***

- **§ 1902(a)(23)(A)**  
To enable the state to restrict beneficiaries' freedom of choice of care management providers, and to use selective contracting that limits freedom of choice of certain provider groups to the extent that the selective contracting is consistent with beneficiary access to quality services. No waiver of freedom of choice is authorized for family planning providers.
- **§ 1902(a)(34)**  
To enable the state to waive retroactive eligibility for demonstration participants, with the exception of Tax Equity and Fiscal Responsibility Act (TEFRA) and Aged, Blind, and Disabled populations.

### ***Expenditure Authorities***

- **Demonstration Population 5.** Expenditures for health benefits coverage for individuals who are “Non-Disabled Low Income Workers” age 19–64 years who work for a qualifying employer and have no more than 200 percent of the federal poverty level (FPL), and their spouses.
- **Demonstration Population 6.** Expenditures for health benefits coverage for individuals who are “Working Disabled Adults” 19-64 years of age who work for a qualifying employer and have income up to 200 percent of the FPL.
- **Demonstration Population 8.** Expenditures for health benefits coverage for no more than 3,000 individuals at any one time who are full-time college students age 19 through age 22 and have income not to exceed 200 percent of the FPL, who have no creditable health insurance coverage, and work for a qualifying employer.
- **Demonstration population 10.** Expenditures for health benefits coverage for foster parents who work for an eligible employer and their spouses with household incomes no greater than 200 percent of the FPL.
- **Demonstration Population 11.** Expenditures for health benefits coverage for individuals who are employees and spouses of not-for-profit businesses with 500 or fewer employees, work for a qualifying employer, and with household incomes no greater than 200 percent of the FPL.
- **Demonstration Population 12.** Expenditures for health benefits coverage for individuals who are “Non-Disabled Low Income Workers” age 19–64 years whose employer elects not to participate in the Premium Assistance Employer Coverage Plan, who are self-employed, or unemployed, and have income up to 100 percent of the FPL, and their spouses.
- **Demonstration Population 13.** Expenditures for health benefits coverage for individuals who are “Working Disabled Adults” 19-64 years of age whose employer elects not to participate in the Premium Assistance Employer Coverage Plan, as well as those who are self-employed, or unemployed (and seeking work) and who have income up to 100 percent of the FPL.
- **Demonstration Population 14.** Expenditures for health benefits coverage for no more than 3,000 individuals at any one time who are full-time college students age 19 through age 22 and have income not to exceed 100 percent of the FPL, who have no creditable health insurance coverage, and do not have access to the Premium Assistance Employer Coverage Plan.
- **Demonstration Population 15.** Expenditures for health benefits coverage for individuals who are working foster parents, whose employer elects not to participate in Premium Assistance Employer Coverage Plan and their spouses with household incomes no greater than 100 percent of the FPL.
- **Demonstration Population 16.** Expenditures for health benefits coverage for individuals who are employees and spouses of not-for-profit businesses with 500 or fewer employees with household incomes no greater than 100 percent of the FPL, and do not have access to the Premium Assistance Employer Coverage Plan.
- **Health Access Networks Expenditures.** Expenditures for Per Member Per Month payments made to the Health Access Networks for case management activities.
- **Premium Assistance Beneficiary Reimbursement.** Expenditures for reimbursement of costs incurred by individuals enrolled in the Premium Assistance Employer Coverage Plan and in the Premium Assistance Individual Plan that are in excess of five percent of annual gross family income.
- **Health Management Program.** Expenditures for otherwise non-covered costs to provide health coaches and practice facilitation services through the Health Management Program.
- **Work Force Development Supplemental Payments to State Teaching Universities.** Expenditures for reimbursement to state teaching universities to grow and improve the healthcare workforce in Oklahoma.

The State continues to evaluate whether it will request other waivers or expenditure authorities.

The extension renewal to the Demonstration will further the objectives of Title XIX by providing a medical home and premium assistance insurance across the continuum of coverage. The removal of the pilot status of the Health Access Networks, this will allow for statewide of the program.

This extension renewal will be statewide and will operate from calendar years 2019 through 2021. The State anticipates that this extension renewal will affect most of the approximately 545,858 SoonerCare Choice individuals covered under the Demonstration as of June 2017.

The Demonstration extension renewal, including the proposed amendment, will test hypotheses related to access to care, quality of care management, integration of Indian Health Services, and access to affordable health insurance. The State expects that, over the life of the Demonstration, covering SoonerCare Choice enrollees will be comparable to what the costs would have been for covering the same group of Oklahomans using traditional Medicaid. The State does not anticipate that the extension renewal to the Demonstration will affect its current waiver trend rate or per capita cost estimates, which can be found in the Demonstration Populations table below.

The information in the table below is provided by The Pacific Health Policy Group (PHPG) which has been retained by the OHCA as an independent contractor. The information is pulled from the Budget Neutrality exhibits which incorporate full-year enrollment and expenditure data through calendar year 2016 (demonstration year 21). Expenditures reflect C-Report amounts.

Projections for the remainder of the current extension period are based on Medicaid Eligibility Group (MEG) specific assumptions, as described in detail throughout the chapter. Updates to worksheets previously submitted are described in text boxes included at the top of each worksheet (where applicable). Traditional MEG projections for 2018 incorporate the CMS-mandated rebasing methodology, with 1) the budget neutrality PMPM set equal to the 2016 actual PMPM, trended to 2018 and 2) savings limited to a five-year look back period. Annual aggregate savings/ (deficit) projections for 2019 – 2021 are capped at 25 percent of actual prior to being added to cumulative savings/ (deficit) projections.
