RE: COVID-19

Based upon the emergency declaration by Governor Kevin Stitt, the OHCA is working to ensure our SoonerCare members receive their medications. The OHCA has relaxed some edits and restrictions for our vulnerable population to assist during this crisis.

The OHCA also encourages the use of 90-day supplies for certain maintenance medications. **These maintenance medications will process for a 90-day supply without an override.** Please consider prescribing for/dispensing 90-day supplies of chronic maintenance medications, where appropriate.

The following categories of maintenance medications are currently included on the **Maintenance Drug List:**

- Alzheimer's Medications
- Anticonvulsants
- Antidepressants
- Antihypertensive Medications
- Antipsychotic Medications
- Anti-Ulcer Medications
- Cardiovascular Medications
- Chronic Obstructive Pulmonary Disease (COPD) Medications
- Diabetes Medications
- Glaucoma Medications
- Hyperlipidemia Medications
- Parkinson's Disease Medications

**Please note that not all medications in each category can be processed for a 90-day supply.*

A complete list of our current maintenance medications that will process for a 90-day supply can be found on our website at www.okhca.org/rx.

Due to the emergency declaration, we have temporarily expanded the maintenance drug list. The following categories listed below will process for a 90-day supply until the emergency declaration has expired.

- Asthma Medications
- Anticoagulant/Platelet Aggregator Inhibitors
- HIV Medications
- Immunosuppressant Medications for Transplant
- Inhaled Antibiotics
- Pulmonary Arterial Hypertension Medications

**Please note that not all medications in each of the categories listed above can be processed for a 90-day supply.*

The pharmacy help desk is available during normal business hours to assist with other issues which may arise during this time of crisis

*Clinical criteria and tier structure rules will still apply.

Thank you for the services you provide to Oklahomans insured by SoonerCare!
