## Supplemental Hospital Offset Payment Program (SHOPP) CY 2012 Revision

OHCA PRN 2012-07

October 23, 2012

### Hospital Administrators

This letter is to notify you that the payment amounts for the Supplemental Hospital Offset Payment Program (SHOPP) for calendar year 2012 have been revised.

The Oklahoma Health Care Authority (OHCA) updated payment amounts due to a hospital's appeal of their CY2012 assessment. As a result of the appeal, the total payment amount available for access payments decreased therefore all hospital's access payments decreased. In order to adjust the first three quarter's overpayment, the access payments were recalculated and the overpayment was netted from the final payment of calendar year 2012. Timing of this payment has not changed; it will be available in provider's accounts by October 25, 2012.

OHCA has posted hospital specific assessment and payment information on our public website at [www.okhca.org/SHOPP](http://www.okhca.org/SHOPP). In order to calculate the net expected payment, hospitals will need to calculate the overpayment for three quarters and subtract it from the revised CY2012 quarterly access payment.

$((\text{Original CY12 Annual Access Pymt} / 4) * 3) - ((\text{Revised CY12 Annual Access Pymt} / 4) * 3) = \text{Overpayment}$

$(\text{Revised CY12 Annual Access Pymt} / 4) - \text{Overpayment} = \text{4th qtr CY12 Net Access Pymt}$

For calendar year 2013, a new assessment will be calculated and a new letter will be mailed. Be advised that the due dates of the assessment and timing of the payments **will not** change. Assessment will continue to be due by the 15<sup>th</sup> (or postmarked by the 13<sup>th</sup>) of the first month of each quarter and access payments will continue to be made by the 25<sup>th</sup> of the first month of each quarter.
