Supplemental Hospital Offset Payment Program (SHOPP) CY 2011 Revision

OHCA PRN 2013-05

June 12, 2013

Hospital Administrators

This letter is to notify you that the payment amounts for the Supplemental Hospital Offset Payment Program (SHOPP) for calendar year 2011 have been revised.

The Oklahoma Health Care Authority (OHCA) updated payment amounts due to a hospital's appeal of their inclusion in the SHOPP program for CY2011. As a result of the appeal, the total payment amount available for access payments increased therefore all hospital's access payments increased. Instead of adjustments to a future payment, the CY2011 (July – December only) access payments were recalculated and an additional payment will be issued to account for the CY2011 underpayment; it will be available in provider's accounts by June 19, 2013.

OHCA has posted hospital specific assessment and payment information on our public website at www.okhca.org/SHOPP. In order to calculate the additional payment, follow the formula below:

$$((\text{Revised CY11 Annual Access Pymt} / 4) * 2) - ((\text{Original CY11 Annual Access Pymt} / 4) * 2) = \text{Underpayment/Additional SHOPP access payment for CY2011}$$

If you have any questions or require additional information please phone or email Kelly Taylor at (405) 522-7108 or Kelly.Taylor@okhca.org.

Thank you for your continued service to Oklahoma's *SoonerCare* members.
